An Awesome Thesis That Will Prove to the Universe That I Really Deserve This Honorable Degree

by

Lei Ma

Bachelor of Science, Shandong University, 2010

THESIS

Submitted in Partial Fulfillment of the
Requirements for the Degree of

Ph.D.
Physics

The University of New Mexico

Albuquerque, New Mexico

April, 2018

Dedication

To my wife, Han Lu.

"Ah, my father used to say that only boring people get bored."
– Ford, in Westworld

Acknowledgments

I would like to thank my advisor, Professor Huaiyu Duan, for his great advices in research and life, as well as his kind support when I was drowning in depression.

An Awesome Thesis That Will Prove to the Universe That I Really Deserve This Honorable Degree

Abstract

PLACEHOLDER

Contents

List of Figures

List of Tables

Glossary

a_{lm}	Taylor series coefficients, where $l, m = \{0..2\}$
$A_{\mathbf{p}}$	Complex-valued scalar denoting the amplitude and phase.
A^T	Transpose of some relativity matrix.

Chapter 0

Introduction

Neutrino oscillations are cool.

Chapter 1

Neutrinos and Related Theories

This is chapter one [BR92].

Chapter 2

Neutrino Vacuum Oscillations

So much fun [FNW04]

Chapter 3

Conclusion

We conclude that neutrinos oscillate.
